

I feel that my family and I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. Please reject reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that you demand and deserve. Thanks for your time.
